The Registered Disabilities Savings Plan (RDSP)
is a long term savings plan for people with disabilities

Charles Sandor - Co-operative Webs
Web Designer and Disability Advocate

You may have heard of **Co-operative Webs**, your co-op member who designs websites for housing co-operatives and federations.

What you may not know is that I, Charles Sandor am a **Disability Advocate** being disabled myself since 1998 and a co-op member since 2005.

There is a terrific and much needed government program which offers financial aid to disabled people, yet most of the public including people with disabilities have never heard of it. It is estimated that only 29% of people with disabilities are aware of the **Registered Disability Savings Plan**. This government program also offers the **Canada Disability Savings Bond** and the **Canada Disability Savings Grant**.

Yet trying to find information on these benefits is difficult to find. Many financial advisors and accountants are unaware of these benefits.

I want to change this with your help. I have built and launched an informational website which is focused on providing all the necessary information about the RDSP program. I ask you to share this link <https://rdspdisabilitybenefits.com> with everyone. Like and follow us on Facebook and Twitter. Please help me get the word out so people with disabilities and their families all across Canada can learn about and benefit from the RDSP program.

I thank you for your support in raising awareness of the RDSP for people with disabilities.
